

Magnetic|Suction Car Mount

Availability: Pre-Order

Price: \$100TTD

Short Description

Car, windshield & dashboard suction mount.

Description

- Easiest mounting system ever! Made with strong magnets, which will hold most smartphones including Apple iPhones, Blackberry, Samsung, Motorola, HTC, Droid, and Nokia.
- No more inserting it in a mount with hassle! Just place it next to the mount and the magnet will pull it fast without taking you away your eyes from the road!
- Very easy installation! Just attached the mount to the windshield or to the dashboard, put the magnet between your phone and your phone case or stick on the round magnet to your phone, and you are done!
- Made of strong materials and designed to help the user to place their phones for safe holding or quick one hand use while driving. The magnet is strong so the phone will never drop.
